

Avantier Consultancy – Services Overview

Transforming delivery through governance, assurance, and world-class P3M expertise.

What We Do

Avantier Consultancy provides tailored, results-driven delivery solutions spanning P3M, assurance, governance, risk, and talent acquisition—empowering organisations to operate with confidence and clarity.

Our Core Services

P3M Delivery Management: Structured portfolio, programme, and project management aligned to strategic outcomes.

Requirements Management: Clear, validated and traceable requirements ensuring delivery success.

Governance: Risk-aligned governance frameworks providing control, assurance and transparency.

Information Assurance: Strengthened security posture and compliance across systems and processes.

Independent Review: Objective reviews that diagnose issues and return programmes to green.

Quality Assurance & Test: Testing strategy, planning and execution across complex systems.

Risk Management: Proactive identification, mitigation and monitoring of delivery risks.

Talent Acquisition: Targeted sourcing of specialist delivery, assurance and technical talent.
